

LET'S MAKE MUSIC

Self-Grading Guide for the Recorder

**The four levels are offered week 2.
Beginner (D), intermediate (C and B) and advanced (B and A) levels
are offered in all other weeks.**

- D I have never played the recorder.
- C I can play most of the notes on my instrument, I know the fingerings for one sharp and one flat, my music reading skills are good.
- B I can play all the notes on my instrument, I can transpose an octave up or down on sight, I know the fingerings up to 2 sharps and 2 flats and some trills, I am a good sight reader.
- A In addition, I play all the recorders (fingerings for the soprano and the alto), I can play up to 4 sharps and 4 flats, and I know the fingerings for trills. I can add basic ornaments to my part such as trills, appoggiaturas and grupettos. My sight-reading is very good, I have no problems with syncopation and off-beat notes.
